2:15 The Impact of the Zika Virus in Hawaii

Raul Rudoy, MD MPH

Professor of Pediatrics and Pediatric Infectious Diseases, JABSOM

Hawaii has already experienced cases of the Zika virus. Learn clinical information on the Zika virus, short-term and long-term effects on babies and mothers, and messages medical providers should be giving to pregnant women and women trying to get pregnant.

2:45 Hawaii Maternal & Infant Health Collaborative (HMIHC)

The HMIHC hosted its first statewide conference in January, and have facilitated the incorporation of One Key Question® into health providers' reproductive life planning efforts with patients and clients. Learn more about OKQ and the statewide effort to screen all pregnant women for substance use during pregnancy with a consistent Screening, Brief Intervention & Referral to Treatment (SBIRT) tool.

What has been done so far? What kind of assistance is needed to get One Key Question® and SBIRT consistently implemented in healthcare settings? Find out how you can get involved with work group activities.

3:15 Q&A and Closing Remarks
